DOMESTIC, INDUSTRIAL AND PUBLIC HEALTH USE

DISINFECTANT - GLASS CLEANER

### COMPOSITION

|                                |         |
|--------------------------------|---------|
| Ethanol.....                   | 4.00 %  |
| Isopropyl alcohol .....        | 2.00 %  |
| Alkyldimethylamine oxide ..... | 18.80 % |
| Water .....                    | 75.20 % |

### PROPERTIES

**CLEANER GLASS®** is a disinfectant surface cleaner for glass and windows in general. Manufactured based on an alcoholic solution (ethanol and isopropyl alcohol) with the content of solvents and surfactants providing properties to eliminate microorganisms, fast drying, effective cleaning, eliminating grease, avoiding the opacification of surfaces and the formation of streaks. Its spectrum of microbicidal action includes gram-positive bacteria such as *Bacillus subtilis*. Gram-negative bacteria: *Escherichia coli*, *Salmonella enterica*.

### APPLICATION METHOD AND USE

Remove dust and impurities from the surface with a flannel, a dusting cloth or a feather duster. Pour **CLEANER GLASS®** into a spray bottle and spray at a distance of about 20 cm, in sufficient quantity on the surface to be cleaned. Using a microfiber cloth, wypall or a glass squeegee, clean and remove the dirt. Finally, wipe with a dry flannel to finish. Notice the shine.

### PRECAUTIONS FOR USE

- Avoid direct contact of the product with the respiratory tract of the operator, eyes, and skin.
- Avoid mixing with other products.

### FIRST AID

If accidental contact with eyes or skin occurs, immediately flush the contaminated area with plenty of water. In case of severe and persistent irritation, seek medical advice immediately.

In case of accidental ingestion, do not induce vomiting, seek medical attention and show the product label.

After handling the product wash hands or exposed parts with soap and water. Do not eat, drink or smoke while handling the product.

### POISON CONTROL CENTER

CICOTOX: Phone (511)328-7398; (511) 619-7000.

### PRESENTATION

Bottles of 650, 850 and 900 mL.  
5 L Gallon.

### STORAGE

Keep out of the reach of children and domestic animals. Store the product in a cool and dry place, between 15 °C and 30 °C, protected from light, in its original, labeled and closed container.
